

OAI-PMH Registered Data Providers

This page lists registered OAI conforming repositories, registered through our [registration and validation page](#). Currently there are 4760 such repositories. The table may be sorted either by the [Repository Name](#), the [base URL](#), or the [oai-identifier namespace](#) (if defined; used in the [oai-identifier](#) scheme). For each repository you may view the registration record from the database, or alternatively, if your browser can render XML, you may issue an [Identify request](#) to the selected repository and receive the current XML response.

Service providers can get an XML formatted list of base URLs of registered data providers from <http://www.openarchives.org/Register/ListFriends>.
